cat chemical Society, at the Chemists Club, 50 East Forty-first Street. Dr. Teeple named thirty-four American distributors who, he said, "betrayed the new home industry." He expressed the epinion that Germany had wen its first important victory in a new commercial war begun by foreign monopolies. Dr. Teeple added: "Germany's chemical industries of the United States. The German petash monopoly already has captured the potash industry of this country. Its aim is to destroy the potash production of the United States. It already has received aid and comfort from thirty-four Americans concerns. If this unholy alliance is tolerated eithout protest by Americans, then no industry in the United States is safe from foreign conquest.

"I have in my possession a copy of a new form of contract framed with

possession a copy of contract framed with ngenuity to evade all n laws, including the t and the Sherman

parind American genius and processes would have been able to meet world competition. As matters now stand asst American potass producing plants have been destroyed and are closed.

Autoist Riding on Drive Shot by His Companion

Argument Between Friends He Tells Police After Three

Tells Police After Three

Men Flee

Louis Saccaroni, of 215 East 104th street, was shot three times last night by a man with whom he was riding in a automobile on Riverside Drive at 18th Street. Four shots were fired, but one went wild. The driver stopped the car and he and two or three men of out and ran, making their escape effore the first of the crowd attracted by the shots reached the spot.

Saccaroni was taken to St. Luke's flashith. Two bullets penetrated his shown and one hit him in the right leg. He told Detective Connors, of the West 100th Street police station, that it was just an argument between fiends. That was all he would say about it, he said, unless he recovered from his wounds.

sout it, he said, unless he recovered from his wounds.
"If you see to it that they cure me sere," he said to the detective, "I'll all you enough to write a book about." The license number of the car was that of one owned by a man in Farbeckway, Queens, according to the mile records. He told the police, hower, that the car was not his.

Superiority of Air Mail Demonstrated, Lent Says Speaker at Engineers' Meeting Declares Rail Service Has Been Outstripped

Been Outstripped
The government Air Mail Service trady has demonstrated its superiative and trady has demonstrated its superiative the railway mail service and agurs well for the future of aerial managers well for the future of aerial managers well for the future of aerial managers of peace, L. B. Lent, of New York, told those in attendance at the seronautical ession of the American Society of Metanical Engineers' annual meeting resterday. The Air Mail Service, he aid, has outstripped the Pennsylvania failroad in percentage of performance. This percentage between New York and Sin Francisco for the last six months, a said, was 98, as against the Pennsylvania's train performance of 95.6 or cent recorded in the railroad community printed time tables.

meent recorded in the railroad commany's printed time tables.

Numerous aeronautical experts were
present at the discussion, which took
place in the Engineering Society's
coulding, 29 West Thirty-ninth Street.

"For the continental distance," said
Mr. Lant, "daylight flying cuts the
rain time about in half, and with night
ing the time is cut to about onefard.

The number of planes required for given service is one for each 100 less of flight. The number of spare sines required is about 50 per cent the total number of planes. The all operating cost should not exceed cents per plane mile for single-sine planes of not more than 400 repower. Night flying can be successfully accomplished with reliable wer plants and a proper equipment sirdrome beacons and landing the service of the service servi

Whittlesey's Lost Battalion Was Never Lost!

The battalion commanded by Colonel Charles W. Whittlesey in the Argonne Forest was never lost, says Bozeman Bulger in an article in to-morrow's Tribune.

The term "Lost Battalion" was like fresh salt in a raw wound to courageous-hearted Whittlesey, whose little force achieved its objective and, though completely surrounded by the Germans, held fast for five days. This fiveday stand in the face of tremendous odds made it possible for supporting troops to be brought up and the front of the division stabilized.

Bozeman Bulger writes from first-hand knowledge of Colonel Whittlesey's experience in the Argonne. At the time Major Bulger had been transferred from the 77th Division to the General Staff and was in charge of the bureau through which correspondents were enabled to be on the Argonne fighting front.

When the true facts as told by Bozeman Bulger in to-morrow's Tribune about Whittlesey's battalion are generally known, the heroic action of his command of 600 men will rank with the Defense of The Alamo and Custer's Last Stand.

For the real facts about Whittlesey's battalion and a vivid account of their five days' fight read Bozeman Bulger's "The Truth About the Lost Battalion" on the first page of the
